4.6.1   Download a Working Version of the Code

We've covered a lot of ground so far. Take a moment to check your work against the file provided and verify that your work matches. You can also use the following file as your starting point to help complete the rest of the module. Download `clean_students_complete.csv` into your Resources folder to complete the module. This file contains a clean version of the data.

Download clean_students_complete.csv   (https://2u-data-curriculum-team.s3.amazonaws.com/dataviz-online/module_4/clean_students_complete.csv)
